

£75M IN FINANCIAL SUPPORT

Education £30 million

40% of this sum goes to educational bursaries and scholarships for disadvantaged pupils, the funding of Academies, Schools and Further Education Colleges across the state-maintained and independent sectors, and to trade related research.

Young People £4.9 million

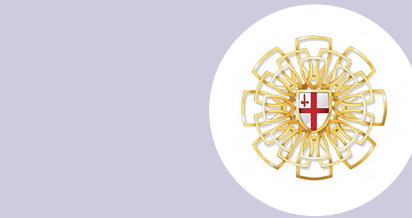

7% goes to young people for training, apprenticeships and other support to their career development.

Alms Housing £15.3 million

20% to almshouses and caring for the elderly and infirm.

Some £6m is donated annually by Livery members through regular giving, plus as much again in pro bono value. Every Company and Guild maintains a charitable trust fund, and all members are expected to contribute donations regularly according to their means.

Three quarters of financial support comes from income or drawdown from historical assets. Some Livery Companies have, through careful stewardship, accumulated assets since the 12th century onwards allowing them to make larger grants annually. The Modern companies formed from 1926 onwards also play their full part with member donations, fundraising and pro bono support adding to the annual charitable endeavour.

INTERESTED IN BECOMING A LIVERYMAN?

The Livery Committee website contains information, links and downloads of how to join a Livery Company. Go to: www.liverycommittee.org then About > Livery Companies and Guilds > How to join a Livery Company

Each Company and Guild has its own individual admission procedures and policies. Companies range from ancient to modern and represent particular Crafts, Trades or Professions. Applicants should research individual company websites to determine a matching interest or seek the advice from a Liveryman contact.

Contact the individual Company or Guild Clerk for guidance or email to enquiries@liverycommittee.org for further assistance. All company admission applications require the nomination by member Liverymen.

The Charitable Endeavours of The Livery Companies and Guilds of the City of London

One of the distinguishing features of the City's Livery Companies and Guilds and their 47,000 Liverymen and Freemen is their remarkable philanthropy.

For centuries they have given funds and provided pro bono professional support and volunteering to improve the welfare of disadvantaged groups and helped with education and the nurturing of skills.

The grants and volunteering provided reach a wide area far beyond the City's Square Mile.

The Livery movement is in the top six charitable grant makers in the UK.

This Leaflet gives a brief summary of this activity in the year 2021-22.

2021/22

OVER 140,000 HOURS OF VOLUNTEER SUPPORT

A major element of the philanthropic giving is provided by the time, talent and effort volunteered by Liverymen and Freemen.

More than 1,000 School Governors and Charity Trustees are appointed by their Livery Companies, and a wide range of volunteer support is provided to front-line charities.

Much of this activity is targeted towards the disadvantaged in the community - in particular, homelessness, hunger, domestic abuse, mental health and to address prevention of re-offending.

Many Companies also help their professional bodies and trade associations by supporting training and apprenticeships, often providing mentoring and tuition and by sponsoring awards and prizes designed to nurture enthusiasm and encourage excellence.

Thousands of hours of pro bono activity are undertaken to provide professional support by Livery Company members, much of which goes unrecorded.

These activities are merely the tip of the iceberg of the support provided by members of the Livery.

WANT MORE INFORMATION?

The three core values of the Livery Companies are:

- To support their trade, craft or profession
- To provide education and training
- To pursue philanthropic endeavour

The Livery Committee's website found at www.liverycommittee.org contains a wealth of information under 'Education & Charities' including a number of organised initiatives listed below:

LIVERY EDUCATION SUPPORT

- **The Livery Skills Initiative**
(New skills and career options)
- **Livery Schools Link**
(Career events for schools)
- **Livery Companies Skills Council**
(Forum for vocational training)
- **Livery Apprenticeship Scheme**
(Modern vocational learning)
- **Livery and Guild Charitable Trust grant applications**
(A wide range of philanthropy)

SOME LIVERY PHILANTHROPIC INITIATIVES

- **Livery No-Going Back**
(Getting Ex-Offenders trained, into jobs and housing)
- **Sheriffs' & Recorder's Fund**
(Supporting Ex-Offenders and their families)
- **Treloar's College for the disabled**
(Specialist education and opportunity)
- **The Lord Mayor's Appeal**
(A significant and targeted annual fundraising campaign)
- **City Giving Day**
(An opportunity for city workers and firms to contribute)
- **Philanthropic Giving by Livery Members**
(£12m in 2021-22)
- **The Livery Charity Chairs Group**
(The sharing of information and expertise)
- **Pan Livery Philanthropic Giving Survey**
(Highlighting the collective force for good)
- **The Pan Livery Pro Bono Interest Group**
(Pooling ideas and opportunities)

LIVERY COMPANIES RESPONDED TO THE COVID PANDEMIC

The Livery Kitchens Initiative turned unused kitchens and their staff into producing and delivering over 175,000 fresh meals and energy providing refreshment packs over many months to exhausted NHS staff working long stressful shifts in full PPE in several London hospitals.

Working in partnership with specialist Charities providing support for the homeless and those living in poverty and hunger, further meals were delivered to relieve the need and hardship of many, particularly in East London.

Many other pandemic relief initiatives and projects were undertaken by the Livery.
